# Clearswift Professional Services Installation

We recognize that there will be times when you want expert knowledge to help with the deployment, upgrade, or migration of our products. We can also conduct periodic health checks, or provide consultation around business process change in existing solutions. The range of services we offer has been designed to ensure that you get the maximum value from your investment in Clearswift solutions, including our [Secure Email Gateway](#) and [Secure Web Gateway](#).

## Installation Services\*

Our team of certified engineers will ensure that your Clearswift solution is optimally deployed and configured to meet your specific organizational requirements. We'll also make sure that your operational team is fully familiar with the product to ensure that you are ready to take full advantage of the solution. We offer a range of installation services that can be tailored to meet the specific requirements of your organization, including:

- Requirements review
- Quick start installation
- Implementation and testing
- Knowledge transfer
- Post-installation report
- Bespoke policy definition
- Implementation of recommended policy
- Clearswift Engineer (CE) training course

\*Clearswift reserves the right to change the contents and pricing of the Installation services at any time.
