Globalscape Enhanced File Transfer™ (EFT™)

Automation Saves Time and Increases Efficiency

With operational efficiency in mind, Globalscape's Enhanced File Transfer™ (EFT™) features quick and intuitive setup, advanced automation capabilities, real-time visibility into data transfers, and much more. EFT Enterprise automatically handles daily tasks, so you can turn your attention to tomorrow's business needs today.

File Transfer Automation Means Security and Compliance

Globalscape EFT has capabilities perfect for businesses that need automated secure file transfer software, high performance, and amazing load capacity. Some of our largest clients transfer thousands of files per second.

Let Globalscape EFT™ Manage File Transfers, While you Manage the Rest of your Network

Advanced capabilities can be added via optional modules for advanced automated workflows, AS2/EDI transfers, LDAP/RSA/CAC authentication, compliance monitoring, DLP/AV scanning, advanced reporting/auditing, PGP, and others.
